

Rockwell Parts

Rockwell Parts - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for delivery, quality, service and technology. They believe in working within an atmosphere that encourages the utmost integrity with empowered collaboration, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The company has put various programs in place in order to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely devoted to improving and preserving the surroundings. AxleTech has an EHS program which not just protects the environment but which even actively protects their neighbors and employees too.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both military and commercial applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles in order to meet certain application demands. They have over 1000 different axle specs in their current offering. With more than 100+ years of history and experience, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in various military and commercial applications. They offer complete axle assemblies used for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product selection.
