

Forklift Electrical Part

Forklift Electrical Parts - Forklifts can be specifically marked to be utilized in unsafe places. A marked truck denotes the design has met the minimum requirements of ANSI/UL 558 meant for engine powered lift trucks or ANSI/UL 583 for electric lift trucks for the type of label attached.

Applications for marked forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Consult your local insurance carrier and Fire Marshall for more information about the permitted uses of industrial powered trucks in your application.

If the forklift has been found to satisfy the outlined criteria, the following labels could be attached. A marked truck will have the type description located on the forklift nameplate and will have one of the following labels attached.
